

## RECIPE & MENU DEVELOPMENT

### Recipe & Menu Development

- ⦿ Need help with a new restaurant menu or add a few new exciting and different items that can be used to promote your restaurant? Or do you want to standardize the existing recipe or a startup?
- ⦿ The R&D team at Food Research Lab leverages their experiences to design the recipes tailored to highlight particular produce, ingredients, methods or flavours according to the client's goal.
- ⦿ By working directly with R&D, you're assured of getting the product of your tastes and specifications.
- ⦿ We help in recipe and menu development, perform cost analysis, and source needed ingredients with required specifications documents.
- ⦿ We also help with the certification process of your product, including gluten-free, vegan, Kosher, Non-GMO, Soy-free.

- ✔ Recipe Development and Testing
- ✔ Recipe Testing and Standardization

## About Us

Food Research Lab R&D, food innovation company, is the unit of Guires. With years of experience in research especially in medical device and pharmaceutical regulations, food product development, scientific publications and clinical trials, the company has now ventured into food research and formed a separate unit, under the brand name of 'Food Research Lab' that will drive food forward. Food Research Lab brings together the latest in food processing equipment, expert food scientists, chefs, nutritionists and partners from across the globe to help food companies and entrepreneurs get their products to market quickly and effectively.

Food Research Lab makes your dream concept into a commercial product as we have strong knowledge of ingredients, processing techniques, and we can bring them all together to help you make the right decisions.
